### Welcome!

This is my first newsletter, so please go easy on me and please excuse the typo's!

I plan to release a newsletter at least quarterly to keep you up-to-date with the latest goings on with None But Ned and where I will be performing in the coming months.

I decided to do this for two reasons,

- Facebook plans to limit the number of promotional posts in people's personal newsfeeds. You may have already noticed that you don't see as many posts from None But Ned as you used to. and,
- There is a large number of None But Ned fans who do not have Facebook or access to digital media.

**TIP:** To keep None But Ned's Facebook posts in your newsfeed, you need to like and share them. It also helps if you comment and tag your friends.

Sometimes the old fashioned way of doing things is better. I think a newsletter is a more personal approach to keeping my fans informed about None But Ned. I will do my

best to keep the newsletter relevant, informative and fun to read. Fingers crossed!

### Happy New Year!

It has been a very busy start to the New Year for None But Ned with many things in the plan for 2018. Some of which you will read about in this issue of the newsletter and some of which I will reveal to you in the future (*some things need to be kept secret* ☺).

I hope you all have had a fantastic Christmas and New Year full of love and joy with your families and friends.

New Year 's Eve was held at the Orange City Bowling Club to a packed auditorium. If you couldn't make it, you missed a fantastic night.

The dancefloor was packed from beginning to end. It was very humbling to see everybody having fun and enjoying themselves.

A huge thanks goes out to all for those choosing to see in the New Year with None But Ned. Thanks also to the staff of the OCBC for their friendly service and patronage.

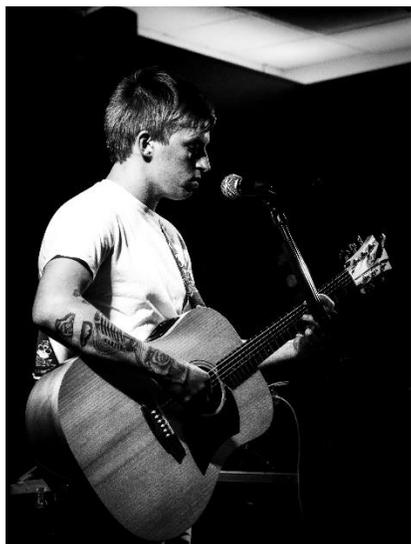

### Debut Album Release Night

The Justin Landers - None But Ned debut album was launched on the 16th December 2017 at the Orange City Bowling Club. The night opened with a corny, but funny, rendition of the 2001 Space Odyssey theme and then a thank you speech followed by a performance by None But Ned with his mix of Country Rock and Rock 'n' Roll tunes.

Four lucky audience members competed in some fun games of Elephant March and Chicken Drop for the chance to win one of two free CD's. There was plenty of cheating and laughs had by all.

Later in the night, everyone was treated to a fantastic performance by Ned's support act, Tyler Shoobert, the 2015 Frestfest

Singer/Song Writer Competition Winner. There were many comments on how impressed people were with his talent which makes me one proud uncle.

A number of people won special limited edition Album Launch Night key chains and stickers.

And then everyone danced the night away with more tunes by None But Ned.

Special thanks must go out to the following people involved with the Album Release Night and for their efforts in the making of the album;

## Prunis Lodge Performance

My late sister, Kelly was very passionate about caring for the elderly. She worked at the Prunis Lodge in Molong as a Nurse's Aid and loved her job and the residents dearly.

She always wanted me to come across and play some songs for "her" residents one day and unfortunately, I never got around to it before her terrible accident and death.

Well, after a number of attempts due to scheduling and work commitments we finally managed to line one up. I would like to thank some good friends of my sister Kelly, Veronica Rapley and Amanda Eassie and all the staff at Prunis Lodge for organising the afternoon. The residents' thoroughly enjoyed it as did I.

I was humbled to see the smiles and excitement on the residents faces as they remembered and listened to the songs I sang. The nurses also cracked out a few cool dance moves too! ☺

## Debut Album

The Justin Landers – None But Ned Album is out now. If you haven't got yourself one yet, the full CD albums are available at Landers Music, Chapmans Guitars & Music and are also available from me directly at my performances or from my website at [www.nonebutned.com](http://www.nonebutned.com).

The album consists of 6 cover songs from some of my favorite country artists and also an original arrangement of a song made famous by the Bee Gees. There are also 4 original songs written and arranged by myself that were inspired by recent events in my life.

The original songs from the album are available online through all digital media

stores including iTunes, Spotify and Google Play. Some people have been having trouble finding the songs because they are searching for None But Ned. I had to use my real name to release the songs on these platforms. So to find the songs, search for Justin Landers.

Thanks to all who have bought a copy of the album and my original songs to date for your support it is much appreciated. I hope you are enjoying them.

## Ned's Lame Jokes

There were two people walking down Summer Street the other day. One was a musician and the other one didn't have a job either!

A man went to see his psychiatrist and said "Doctor, I need your help. I think I'm a dog". The psychiatrist says "Well, get up on the couch and we'll talk about it". The man says "I can't! I'm not allowed on the couch"!

I will be giving away one of my debut albums for free to some lucky liker on my Facebook page when the page hits 500 likes. All None But Ned Facebook page likers (*apart from my immediate family members*) will have the chance to win the album.
